POLICY FOR INDUCTION AND ASSESSMENT OF NEWLY ARRIVED PUPILS IN PRIMARY SCHOOLS

March 2010

Induction and assessment guidance for newly arrived pupils- developing an Induction and Assessment Policy

**See: New Arrivals Excellence Programme Guidance, DCSF ref 00650-2007-BKT-EN
New Arrivals Excellence Programme CPD Modules, DCSF ref 00041-2008FLR-EN**

Rationale

All pupils arriving in a new school are entitled to the same welcome and induction into the life of their new school.

Core agreed procedures should be in place for all newly arrived pupils. Some additional procedures may be necessary in order to ensure pupils and families from Minority Ethnic backgrounds have the same access to information and support as all other parents and pupils.

Key elements of Induction and Assessment Policy

- Preparing for the new arrival
- Settling the new pupil in school
- Gathering evidence for summative assessment

Recommended actions for schools

- Download policy and guidance notes and consult with staff and governors on policy for the induction and assessment of newly arrived pupils
- Agree any amendments necessary to comply with existing school policies
- Adopt policy and get it ratified by governors
- Ensure roles and responsibilities are clearly defined and allocated with agreement of staff
- Ensure there is a member of SLT who has overall responsibility for effective implementation of the policy
- Ensure the same procedures are carried out for every new arrival through monitoring by named member of SLT and through pupil/family evaluation of the induction process
- Consult EMAS for support at any stage of the process but in particular at the point of action planning for newly arrived EAL pupils, following a period of gathering formative assessment information

A Policy and Guidance for the Induction and Assessment of New Arrivals

At

School we will:

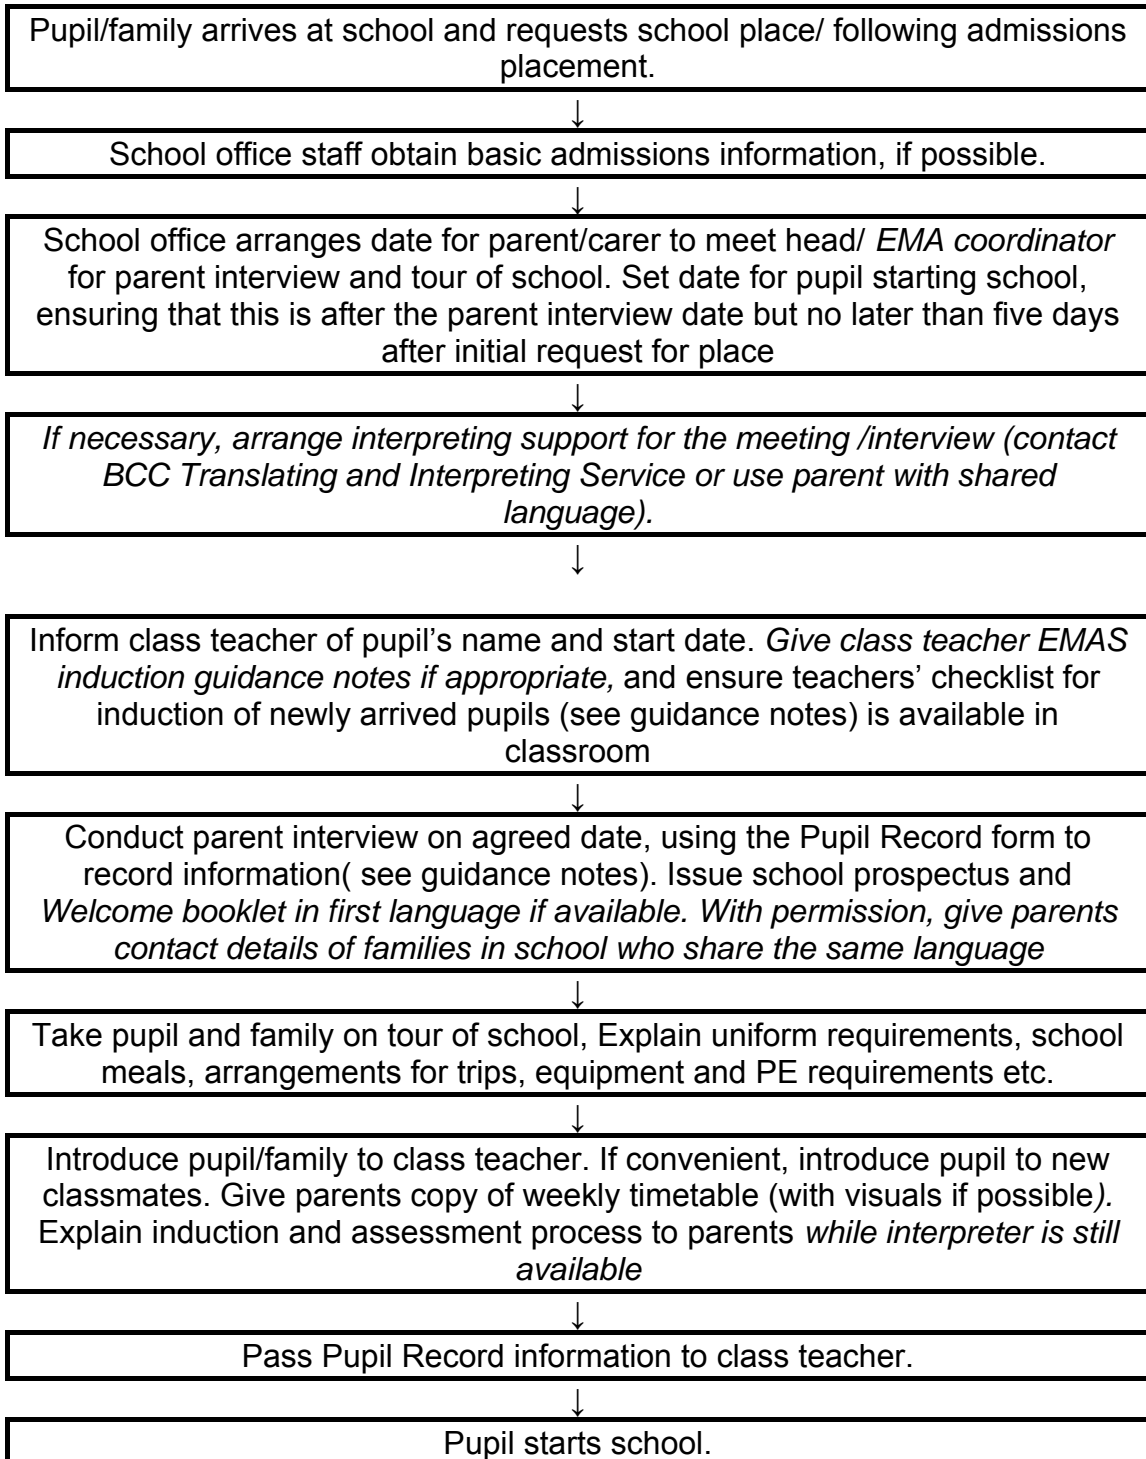

- **Take account of the cultural, linguistic and academic needs of newly arrived pupils and recognise the positive contribution newly arrived pupils can make to our school.**
- **Welcome new arrivals with a whole school approach, ensuring that we have a carefully considered process for welcoming all new arrivals.**
- **Positively reflect the new arrivals' language and culture throughout the school environment.**
- **Build partnerships with parents as an essential element of working with newly arrived children.**

1. Preparing for the new arrival

New arrivals to..... School will be inducted according to the actions in the flow chart below.

NB Specific actions to support newly arrived EAL pupils and their families are in italics

New arrivals induction flow chart

NB. Pupil could start school on same day as parent interview providing class teacher has been given all necessary information arising out of parent interview.

Teacher's checklist for induction of new arrivals– see guidance notes

Before and after admission to school we will complete the teachers' checklist in order to ensure every pupil has as positive a start as possible.

2. Settling the pupil into school

NB Specific actions to support newly arrived EAL pupils and their families are in italics

Once the pupil has been admitted to school and the teacher's checklist for induction has been completed the following actions will be undertaken.

- Pupil to be grouped with supportive role models
- Pupil to begin to be observed in class, *using "Observable Outcomes" checklist in guidance notes*
- Clear timetable to be established for any intervention activities eg *Step 1/2 language programme*
- Date set for pupil progress meeting at end of first six weeks in school to evaluate assessment evidence and establish National Curriculum levels
- *Teachers will consult and use strategies suggested in guidance notes "Advice for teachers working with EAL pupils"*

3. Gathering evidence for summative assessment

NB Specific actions to support newly arrived EAL pupils and their families are in italics

- Ongoing assessments will take place over a six week period at the end of which a judgement will be made about the National Curriculum level the pupil is operating at, in Literacy (Speaking/Listening, Reading and Writing) and Mathematics.
- Early Years practitioners should take into account, if at all possible, the entitlement to assessments in first language when making judgements of the new pupil against the Early Years areas of learning and development
- During the ongoing assessment period the new pupil should have full access to the curriculum and formative evidence should primarily be obtained from pupil's responses to class work. Assessment for learning principles should be applied and next steps for pupil's learning clearly identified.
- The assessment process must include gathering evidence of first language oracy and literacy skills e.g. use one of the language activities below to generate first language speaking/writing, and should include input from bi-lingual staff as available.
- *Ongoing assessment of EAL pupils during the first six weeks will include assessing knowledge of basic everyday words in English using Step 1/2 language programme as recommended in guidance notes*

Summative assessment and pupil progress meeting

- Pupil progress meeting will take place six weeks after pupil arrives in school
- All staff involved with pupil should reach a consensus on pupil's National Curriculum level/ Early Years areas of learning and development
- *Language in Common extended scales (see guidance notes) should be used for EAL pupils , if appropriate*
- Staff to consider all evidence available e.g. observations, evidence from workbooks (literacy, maths, science, topic etc), progress through Step 1/2 language programme, dual language texts and any written work in L1 to check literacy.
- Summative assessment should ensure that pupil is placed on National Curriculum levels/Early Years areas of learning and development *or pre- National Curriculum step descriptors* within six weeks of starting school. Monitoring progress should then become part of the mainstream school tracking cycle and fall in line with existing school policies.
- *EAL pupils may need action planning/ Individual Language Plans- contact EMAS staff to attend pupil progress meeting if EAL expertise is needed*
- *Planning strategies and support for EAL pupils – use EMAS target setting menu (see guidance notes) to plan next steps for pupil progress.*
- All information gathered in the first six week period must be shared with family at the next parents' evening. *Ensure interpreting support is available for families of EAL pupils*
- Pupils who do not make expected progress onto National Curriculum levels may need additional investigation into their individual learning needs, initially through the school SENCO and then in consultation with outside agencies.

Writing	Evidence
How well the child conveys meaning	
What vocabulary the child uses (descriptive, subject specific, etc.)	
Child's control of grammatical features (tenses, word order, determiners, plurals, prepositions, connectives, etc.)	

Section 2 settling the new pupil into school – advice to teachers working with EAL pupils

Working with EAL children

To support the inclusion of children with EAL the following guidance provides supportive strategies to enable EAL children to access their classroom and the curriculum effectively. Class teachers and teaching assistants should try to include as many of these strategies as are appropriate.

	Do already	Will try
Ensure that the child feels their culture and background are recognised and valued (learn a few words/phrases; make bilingual labels/displays; share stories and pictures that reflect their background).		
Provide visual support whenever possible (pictures, photos, diagrams, graphic organisers, demonstrations, mime, gestures)		
Speak slowly and simply but naturally. Avoid or explain figurative language.		
Identify and model language demands of lessons (e.g. science lesson needs mostly past tense but predictions need future tense; instructions need imperatives)		
Model appropriate language and structures for pupil- provide talk frames, and writing frames for literate pupils		
Respond positively to pupil's speech, but try to extend their responses; e.g. <i>I go park</i> → <i>I went to the park</i>		
Group the pupil with mixed or higher ability pupils who can provide good language models (not SEN groups).		
Provide plenty of opportunities for pair and group work, especially collaborative tasks (supportive, non-threatening, practice for new language skills)		
Preview/pretutor lessons – provide key texts in advance to parents (if they can help) or to a T.A. to discuss with pupil		
Allow opportunities to revisit and talk about stories and lessons. Build these opportunities into teaching assistant time in class		
Provide a few key words/phrases for each subject or lesson. Support pupil to build up a personal dictionary with pictures and translations in first language (L1)		
Allow time for pupils to prepare responses with a partner. Oral rehearsal should always precede written work. First language talk partners should be encouraged but used flexibly- do not allow new pupil to become over dependant on first language friend		
Pupils literate in L1 can draft ideas or complete a written task in L1. Encourage use of bilingual dictionary		
Literacy skills will transfer but the pupil may need a reading and spelling programme and guidance as to how phonics differ between first language and English		
When marking, focus on content and highlight only 1 or 2 grammatical points. Teach to the gaps identified – do not let early mistakes become bad habits		
Try to segment lessons into listening/speaking/reading/writing activities to maintain concentration and demonstrate language use in a variety of contexts
